

Date of birth: 6 May, 1969

Citizenship: US (Australia permanent resident)

Education:

Ph.D. in Economics, University of Pittsburgh, August 1997.

Dissertation title: “Learning and equilibrium in asymmetric-information study”

Principal advisor: Professor Alvin Roth, Department of Economics, Harvard University
B.S. in Mathematics, Virginia Polytechnic Institute and State University, May 1991

Research areas: experimental economics, game theory, behavioural economics

Past positions:

- Professor of Economics, University of Aberdeen (June 2007 – June 2011)
- Associate Professor of Economics, University of Houston (August 2002 – June 2007)
- Assistant Professor of Economics, University of Houston (August 1997 – August 2002)

Refereed publications:

Working papers:

- “The effect of matching mechanism on learning in games played under limited information” (with Sobei H. Oda).
- “How sensitive are bargaining outcomes to changes in disagreement payoffs?” (with Nejat Anbarci).
- “The effect of leniency programmes on anti-competitive behaviour: an experimental study” (with Yasuyo Hamaguchi).
- “Must affirmative action be permanent? The impact of affirmative-action programs on workers’ skill

acquisition” (with Lata Gangadharan and Michael P. Kidd).

- “How responsive are people to changes in their bargaining position? Earned bargaining power and the 50-50 norm” (with Nejat Anbarci).
- “Information cascades with endogenous signal precision.”
- “Selection of learning rules: theory and experimental evidence” (with David Cooper).
- “Thinking like a game theorist: comment” (with Nathaniel T. Wilcox).

Papers in preparation:

- “Recommendations and efficiency: an experimental study of correlated equilibrium with a strategic third party” (with John Duffy).
- “The Japanese art auction: theoretical and experimental analysis” (with Yasuyo Hamaguchi and Erika Seki).
- “Do positional goods inhibit saving? Evidence from a life-cycle experiment” (with Ourega-Zoé Ejebu).
- “Inflation tax in the lab: an experimental study of posted prices and directed search with costly money” (with Nejat Anbarci and Richard Dutu).
- “The effect of group size and cheap talk in the multi-player stag hunt: experimental evidence”, (With Philip Grossman).

Grants:

- “The effect of bargaining power on bargaining outcomes: the roles of institutions, earned bargaining position, and social norms.” ARC Discovery Project (DP130101183), January 2013-December 2015.
- “A comparative study of leniency programmes: the UK and Japan.” Office of Fair Trading small grant, April 2009.
- “Recommendations and efficiency: an experimental study of correlated equilibrium with a strategic third party.” Nuffield Foundation small grant, October 2008-October 2009.
- “An experimental study of strategic uncertainty in bargaining.” British Academy small grant, May 2008-December 2009.
- “An experimental study of trust, signaling, and crowding out.” University of Houston small grant, January 2006.
- “Preplay signaling and efficiency in the Trust Game.” University of Houston small grant, January 2005.
- “Do actions speak louder than words? Observation vs. cheap talk as coordination devices.” National Science Foundation (SBR-9809622), August 1998-July 1999.

Invited presentations:

- “How responsive are people to changes in their bargaining position? Earned bargaining power and the 50-50 norm”, University of Guelph, November 2012.
- “How responsive are people to changes in their bargaining position? Earned bargaining power and the 50-50 norm”, University of Adelaide, September 2012.
- “Directed search, coordination failure and seller revenue: an experimental comparison of posted pricing with single and multiple prices,” University of Technology, Sydney, May 2012.
- “Correlated equilibria, good and bad: an experimental study,” Monash University, January 2011.
- “How sensitive are bargaining outcomes to changes in disagreement payoffs?” University of East Anglia, January 2011.
- “Payoff levels and loss avoidance in strategic behaviour: evidence from multiple laboratory experiments,” Monash University, September 2010.
- “The role of strategic uncertainty in games: an experimental study of cheap talk and unstructured bargaining in the Nash demand game,” Monash University, September 2010.
- “How sensitive are bargaining outcomes to changes in disagreement payoffs?” Deakin University, September 2010.

- “Correlated equilibria, good and bad: an experimental study,” University of Birmingham, June 2010.
- “An introduction to experimental economics,” KEEL *How and why economists and philosophers do experiments: dialogue between experimental economics and experimental philosophy* workshop, Kyoto, March 2010.
- “The role of strategic uncertainty in games: an experimental study of cheap talk and unstructured bargaining in the Nash demand game,” University of Birmingham, February 2010.
- “Experimental evidence of a sunk-cost paradox: a study of pricing behavior in Bertrand-Edgeworth duopoly,” Université Paris 1 Panthéon-Sorbonne, January 2010.
- “The role of strategic uncertainty in games: an experimental study of cheap talk and unstructured bargaining in the Nash demand game,” University College London, May 2009.
- “The role of strategic uncertainty in games: an experimental study of cheap talk and unstructured bargaining in the Nash demand game,” Kyoto Sangyo University, March 2009.
- “The role of strategic uncertainty in games: an experimental study of cheap talk and unstructured bargaining in the Nash demand game,” University of St Andrews, February 2009.
- “The role of strategic uncertainty in games: an experimental study of cheap talk and unstructured bargaining in the Nash demand game,” University of East Anglia, November 2008.
- “The role of strategic uncertainty in games: an experimental study of cheap talk and unstructured bargaining in the Nash demand game,” University of Dundee, November 2008.
- “Correlated equilibria, good and bad: an experimental study,” University of Edinburgh, May 2008.
- “Correlated equilibria, good and bad: an experimental study,” University of Stirling, April 2008.
- “Correlated equilibria, good and bad: an experimental study,” Kyoto Sangyo University, February 2008.
- “Payoff levels, loss avoidance, and equilibrium selection in the Stag Hunt: an experimental study,” Kyoto Sangyo University, February 2008.
- “Payoff levels, loss avoidance, and equilibrium selection in the Stag Hunt: an experimental study,” Rice University, April 2007.
- “Payoff levels, loss avoidance, and equilibrium selection in the Stag Hunt: an experimental study,” Texas A&M University, September 2006.
- “Sunk costs and pricing decisions in an experimental Bertrand-Edgeworth duopoly,” University of Heidelberg, July 2006.
- “Words, deeds, and lies: strategic behavior in games with multiple signals,” University of Oklahoma, September 2005.
- “Experimental game theory: research questions and progress toward solutions,” University of Aberdeen, August 2005.
- “The relationship between sunk costs and firms’ pricing decisions: an experimental study,” University of Pittsburgh, April 2005.
- “Words, deeds, and lies: strategic behavior in games with multiple signals,” University of Missouri, December 2004.
- “Reinforcement learning” (tutorial), Third International Workshop on Computational Intelligence in Economics and Finance, Cary, NC, September 2003.
- “Overconfidence bias and framing effects,” University of Bristol, July 2003.
- “Words, deeds, and lies,” University of Bristol, July 2003.
- “Words, deeds, and lies,” Kyoto Sangyo University, September 2002.
- “Do actions speak louder than words? Observation vs. cheap talk as coordination devices,” University of Pittsburgh, April 2000.
- “Reinforcement-based vs. beliefs-based learning models in experimental asymmetric-information games,” University of Pittsburgh, April 2000.
- “Do actions speak louder than words? Observation vs. cheap talk as coordination devices,” Texas A&M University, April 1999.
- “Do actions speak louder than words? Observation vs. cheap talk as coordination devices,” University of California-Santa Cruz, January 1999.

- “Do actions speak louder than words? Observation vs. cheap talk as coordination devices,” Louisiana State University, April 1998.

Recent conference/workshop presentations:

- “Inflation tax in the lab: an experimental study of posted prices and directed search with costly money”, Southern Economic Association, New Orleans, November 2012.
- “The effect of group size and cheap talk in the multi-player stag hunt: experimental evidence”, Southern Economic Association, New Orleans, November 2012.
- “Do positional goods inhibit saving? Evidence from a life-cycle experiment”, Australia and New Zealand Workshop on Experimental Economics, Perth, August 2012.
- “Directed search, coordination failure and seller revenue: an experimental comparison of posted pricing with single and multiple prices,” Econometric Society Australasian Meeting, Melbourne, July 2012.
- “Directed search, coordination failure and seller revenue: an experimental comparison of posted pricing with single and multiple prices,” QuBE Workshop in Behavioural Economics, Brisbane, February 2012.
- “How responsive are people to changes in their bargaining position? Earned bargaining power and the 50-50 norm,” Asia-Pacific Economic Science Association, Xiamen, December 2011.
- “How responsive are people to changes in their bargaining position? Earned bargaining power and the 50-50 norm,” Australia and New Zealand Workshop on Experimental Economics, Melbourne, August 2011.

- robust rank-order tests”, Southern Economic Association, New Orleans, November 2002.
- “Words, deeds, and lies,” Sixth International Conference on Complex Systems, Tokyo, September 2002.
- “Nonparametric tests of differences in medians: comparison of the Wilcoxon-Mann-Whitney and robust rank-order tests”, CEEL Workshop on Experimental Economics, Siena, Italy, May 2002.
- “The relationship between sunk costs and firms’ pricing decisions: an experimental study (preliminary results)”, 19th Arne Ryde Symposium, Lund, Sweden, November 2000.
- “The relationship between sunk costs and firms’ pricing decisions: an experimental study (preliminary results)”, Economic Science Association, Amsterdam, October 2000.

Teaching experience:

(Monash University)

- Instructor for ECC 2000 (Intermediate Microeconomics): Winter 2012.

(University of Aberdeen)

- Instructor for SGPE microeconomics I: Winter 2010, Winter 2009 (coordinator).
- Instructor for EC 4003 (Honours Microeconomics): Winter 2010, Winter 2009 (coordinator); Winter 2008.
- Instructor for SGPE experimental economics: Spring 2011, Spring 2010, Spring 2009.
- Instructor and co-coordinator for Ph.D. workshop in experimental economics for Scottish Graduate Programme in Economics: Winter 2007.
- Instructor for EC 2002 (Intermediate Microeconomics): Winter 2008, Winter 2007.

(University of Houston)

- Instructor for Econ 7349 (Graduate Game Theory): Fall 2005, Spring 2002.
- Co-instructor for Econ 8361/2 (Graduate Workshop in Research Methods): Spring 2007, Fall 2006, Spring 2006, Fall 2005, Spring 2005, Fall 2004, Spring 2004, Fall 2003, Spring 2003, Fall 2002, Spring 2001, Fall 2000.
- Instructor for Econ 4349 (Game Theory): Fall 2006, Fall 2005, Fall 2004, Fall 2003, Fall 2002, Fall 2001, Fall 2000, Spring 2000.
- Instructor for Econ 2304 (Honors Microeconomic Principles): Fall 1999.
- Instructor for Econ 7342 (Graduate Microeconomic Theory II): Spring 2007, Spring 2006, Spring 2005, Spring 2004, Spring 2003, Spring 2002, Spring 2001, Spring 2000, Spring 1999.
- Instructor for Econ 2304 (Microeconomic Principles): Fall 2006, Fall 2005, Fall 2004, Fall 2003, Fall 2002, Fall 2001, Fall 2000, Fall 1999, Fall 1998, Fall 1997.
- Instructor for Econ 4376 (Industrial Organization): Spring 1998.

Other professional activities:

- Associate editor, *Journal of Socio-Economics*, January 2013-present.
- Associate editor, *European Economic Review*, February 2011-present.
- Director, Scottish Experimental Economics Laboratory (SEEL): August 2007-June 2011.
- Reviewer, National Science Foundation; Nuffield Foundation; Leverhulme Trust; *American Economic Review*; *Atlantic Economic Journal*; *Berkeley Electronic Journal of Economic Analysis & Policy*; *Berkeley Electronic Journal of Theoretical Economics*; *Biometrical Journal*; *Eastern Economic Journal*; *Econometrica*; *Economic Journal*; *Economic Theory*; *Entropy*; *European Economic Review*; *Experimental Economics*; *Games and Economic Behavior*; *International Economic Review*; *International Journal of Game Theory*; *Journal of Behavioral Decision Making*; *Journal of Econometrics*; *Journal of Economic Dynamics and Control*; *Journal of Economic Psychology*; *Journal of Economic Theory*; *Journal of Economics and Business*; *Journal of Economic Behavior & Organization*; *Journal of Economic Psychology*; *Journal of Industry, Competition and Trade*; *Journal of Informatics and Mathematical Sciences*; *Journal of Mathematical Psychology*; *Journal of Macroeconomics*; *Journal of Property Research*; *Journal of*

Public Economics; Louvain Economic Review; Management Science; Oxford Economic Papers, Quarterly Journal of Economics; Review of Economic Studies; Science; Scottish Journal of Political Economy; Southern Economic Journal, Theory and Decision.

- Programme committee, Econometric Society Australasian Meeting, 2012.
- External advisor for senior hiring, University of East Anglia (Jan. 2010), University of York (Apr. 2008).
- Participant, Santa Fe Institute Summer Workshop in Computational Economics, 1995.
- Participant, Russell Sage Foundation Summer Institute in Behavioral Economics, 1994.
- Classifier, *Journal of Economic Literature*, March 1993-August 1997.

Other service:

- Monash University human research ethics committee: February 2012-present.
- University of Houston economics department microeconomics comprehensive exam committee: January 1998-August 2007.
- University of Houston faculty governance and advising committee: September 2005-August 2007.
- University of Houston economics department executive committee: September 2002-August 2005.
- Supervisor or reader for several Ph.D. dissertations, M.Sc. dissertations, MBA critical studies papers and senior honours theses.
- Instructor for several independent-study courses in game theory (graduate and undergraduate).
